

Product Catalog

Mission & Core Value

Akko is all about making quality and affordable computer peripheral to worldwide enthusiasts.

Supply Chain

Akko has one of the most comprehensive lineups and supply in the field of custom mechanical keyboard ranging from prebuilt keyboard, switches, stabilizers, keycaps, DIY Kits, cables, mouse and mousepad.

We value diversity. Akko offers a variety of keycap profiles, layouts, switches, mount structure, materials, connection interface and other options to optimize customer typing experiences.

Engagements & Localization

Akko is dedicated to assisting our partners to build a local community with common interests, consistent interactions, and other forms of engagements. Akko respects cultural diversity and many of our existing products have been adopted to different national layouts and sub legends. We also offer a full suite of product localization services for our partners.

Innovation & OEM

The innovation behind Akko is backed up by its resilient supply chain and experienced development team, making responsive changes based on consumer feedbacks and interests. Whatever the scope or requirements of the local application, Akko is there to offer suitable and more importantly, accessible products to meet your needs.
